INTERNATIONAL ENGINEERING CONGRESS PAPERS.

LIGHT-HOUSES AND OTHER AIDS TO NAVIGATION. PAGE.

Paper No. 18.—THE LIGHTING OF THE COASTS OF FRANCE.
By C. Ribiere 1

Paper No. 19.—COAST LIGHTING IN GREAT BRITAIN.
By Thomas Matthews 25

Paper No. 20.—COAST LIGHTING IN THE UNITED STATES.
By D. W. Lockwood 43

Discussion on the Subject:
By D. and C. Stevenson 63
Nicholas G. Gedye 69
Charles C. Wentworth 73
D. P. Heap 76
Alan Brebner 78
C. Ribiere 85
Thomas Matthews 85
D. W. Lockwood 87

THE MANUFACTURE OF CEMENT.

Paper No. 21.—By R. W. Lesley 89

Discussion on the Subject:
By J. A. Fairleigh 125
Leslie S. Robertson 127
R. L. Humphrey 128
F. Schüle 128
Oswald Erlinghagen 129
Robert W. Lesley 129

PASSENGER ELEVATORS.

Paper No. 22.—By Thomas E. Brown 131

Discussion on the Subject:
By Reginald Pelham Bolton 187
Burt S. Harrison 191
William H. Bryan 195
Samuel G. Homfray 201
Thomas E. Brown 203

ORDNANCE.

Paper No. 23.—GUN CONSTRUCTION IN THE UNITED STATES.
By Odus C. Horney 207

Paper No. 24.—SEACOAST GUN-CARRIAGE DESIGN AND CONSTRUCTION.
By Edward P. O'Hern 257

Paper No. 25.—AMMUNITION FOR CANNON.
By Thales L. Ames 283

Paper No. 26.—THE ART OF DESIGNING AND CONSTRUCTING MOBILE ARTILLERY.
By George W. Burr 313

Paper No. 27.—THE ART OF DESIGNING AND CONSTRUCTING SMALL ARMS.
By John T. Thompson 351

By John T. Thompson 351

PAGE.

Discussion on the Subject:

By Sir William H. White..... 389
Dr. H. T. Ashton..... 391
George W. Burr..... 393

SURVEYING.

Paper No. 28.—By Officers of the United States Coast and Geodetic Survey.. 397
Paper No. 29.—By Officers of the United States Geological Survey..... 419
Discussion on the Subject:

By F. R. Helmert..... 449
O. V. P. Stout..... 450
E. C. Murphy..... 450
F. W. Hanna..... 452
J. L. Van Ornum..... 455
Lewis M. Haupt..... 456
Alfred Chatterton..... 458
H. K. Barrows..... 459
Ch. Lallemand..... 462
Officers of the United States Coast and Geodetic Survey..... 468
Officers of the United States Geological Survey..... 469

THE CONCURRENT DEVELOPMENT OF TRAFFIC ON IMPROVED WATER-WAYS AND ON RAILROADS.

Paper No. 30.—By Edward P. North..... 473
Discussion on the Subject:

By Leo Sympher..... 495
Lionel B. Wells..... 503
Th. Hoech..... 507
Edward P. North..... 507

PLATES.

PLATE. PAGE.

I. Diagrams Showing Percentage of Visibility of French Lights..... 19
II. French Light-Ship..... 23
III. Light-House at Dungeness..... 81
IV. Cement Rock Quarry, and Gates Crusher..... 103
V. Dome and Rotary Kilns..... 109
VI. Rotary Kilns, and Cement Plant in Course of Erection..... 111
VII. Buchanan Crushing Rolls, and Battery of Griffin Mills..... 113
VIII. Batteries of Ball and Tube Mills..... 115
IX. Griffin and Kent Mills..... 117
X. Kominutors, and Coal-Grinding Plant..... 119
XI. Standard Vertical-Cylinder Elevator..... 135
XII. Low-Pressure Engine, Whittier Type..... 137
XIII. Pulling-Plunger Elevator..... 147
XIV. Plunger Elevator..... 153
XV. High-Pressure Elevator, with Electric Pump..... 155
XVI. High-Pressure Engine..... 157
XVII. Sprague Long-Screw Electric Elevator Engine..... 159
XVIII. Sprague Drum Machine, London Central Railway..... 161
XIX. Sprague Controller, London Central Railway..... 169
XX. Drum Type, Elevator Engine..... 179
XXI. Magnet Controller..... 181
XXII. Safety Devices for Wooden and for Steel Guides..... 183
XXIII. Details of 12-in. and 6-in. Rifles and Guns..... 219

PLATE.		PAGE.
XXIV.	Various Breech-Blocks and other Parts for Heavy Guns	231
XXV.	Firing Mechanism for Heavy Guns	241
XXVI.	Firing Mechanism for Heavy Guns	243
XXVII.	Firing Mechanism for Heavy Guns	245
XXVIII.	Stockett Rapid-Fire Breech Mechanism	247
XXIX.	Stockett Mechanism for Heavy Guns	249
XXX.	Stockett Mechanism for Heavy Guns	251
XXXI.	Latest Model Rapid-Fire Breech Mechanism	253
XXXII.	Latest Model Rapid-Fire Breech Mechanism	255
XXXIII.	Twelve-Inch Gun on Barbette Carriage, and Armstrong Gun with Pedestal Mount	259
XXXIV.	Guns Mounted on 8 and 10-in. Disappearing Carriages	265
XXXV.	Firing a Gun Mounted on a 10-in. Disappearing Carriage	267
XXXVI.	Disappearing Carriages, 6-in. and 12-in.	269
XXXVII.	Gun, with 12-in. Disappearing Carriage, and Hydraulic System of Controlling Recoil, etc., for Disappearing Carriages	271
XXXVIII.	Rear View of 12-in. Disappearing Carriage	273
XXXIX.	Twelve-Inch Mortar Carriage, and Harveyized Shield	275
XL.	Diagram, Calculation of Stresses on Gun Carriages	341
XLI.	Three-Inch Field Gun, Limber and Carriage	347
XLII.	Parts of Gun Carriage	349
XLIII.	Photo-Micrograph of Rifle Barrel Steel	361
